The Deets

- There will be three different special tests (loops) that each rider will need to race two or three times. Total mileage will be similar to a hare scramble.
- The Goal of the Sprint Enduro is to ride as fast as you can through each test...each test will be timed. The lowest total cumulative time from all the tests will determine class finish.
- Ride the tests in any order you want, at any time you want, and take breaks when you want!
- Your last test must be started by 2pm.
- No lights or license plate required! No Enduro timekeeping! No route sheets!

Come race and hang out with your friends and family between tests!
